To Whom It May Concern:

We became acquainted with Tom and Stephanie Gregory with TRG Equipment Services a couple of years ago after contracting with their company to do a project on a lot split in Shasta County.

This project involved the grading and paving of a new road and installing underground utilities to the property lines. TRG not only did an excellent job, but did it in a timely manner, and made it easy for the utility and telephone company to install their equipment.

We never had one complaint with this company, nor were there any complaints from the residents who lived along the road being installed or the utility and telephone companies. TRG didn't just do the job as specified, but went "above and beyond" on our project.

We would recommend TRG Equipment Services with no reservations to anyone needing someone in their area of expertise.

Sincerely;

A handwritten signature in black ink, appearing to read "Ronald A. & Jeri A. Green". The signature is written in a cursive style.
